Ozarks Farm & Neighbor Advertisers Say It Works!

"I would have to say the reason *Ozarks Farm & Neighbor* works so well for us is because it reaches so many readers in the agricultural community, and that is about 70% of our business. Whether they raise crops, cows, chickens, sheep or horses they are the type of people that do things themselves. We've been in the paper since it began in Arkansas and it's worked great for us."

- **Dean Estep**
Wheeler Metals

Ozarks Farm & Neighbor

Dear Potential Advertiser:

Ozarks Farm & Neighbor offers you loyal and eager readers and that means high readership for your ad. What makes *Ozarks Farm & Neighbor* different from other farm publications? Two things, really.

First, *Ozarks Farm & Neighbor - Ark./Okla.* is mailed directly to more than 10,000 livestock producers and farm families, delivering an estimated 24,700 readers primarily in 26 counties across the Arkansas and Oklahoma Ozarks. (*Add Ozarks Farm & Neighbor - Missouri and reach an estimated 58,000 readers.*) We know they get the paper and we know who they are, as our demographics inside will tell you.

Secondly, we go to great expense gathering stories about farmers in the 26 counties we serve. Our goal is to have a story from each county and have stories about beef, horses, dairy, pork, poultry and sheep or goat producers in each issue. The paper is written about the readers, so we know they read it.

You know they get it and you know they read it. What better place to advertise your product than *Ozarks Farm & Neighbor*.

I hope we will have the opportunity to serve you and earn your business.

Respectfully,

Stan Coffman
President & Publisher
